

SUPER™ BLAST-101

**100%
Active!**

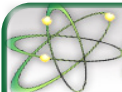

*Super Blast Hyper-Concentrate
Makes one 55 gallon drum.*

Drum-in-a-Box

PRODUCT DESCRIPTION

The Super Blast Drum-In-A-Box product concept is a unique way for users of industrial cleaners to reduce costs and eliminate container waste. This system represents the latest technology in detergent science and is the system of choice for operations that have traditionally purchased detergents in 55-gallon drums. You'll find Drum-In-A-Box is highly effective and easy to use.

This new formulation utilizes a single 100% active hyper-concentrate to deliver its cost-slashing benefits. Super Blast 101 Formulation Base was designed to produce an effective concentrated material that will meet or exceed the tightest standards for employee safety and/or adverse environmental impact. It is neutral in pH, and only utilizes components that are readily biodegradable.
